

Candle safety

- Make sure candles are secured in a proper holder and away from materials that may catch fire - like curtains
- Put candles out when you leave the room, and make sure they're put out completely at night
- Use a snuffer or a spoon to put out candles. It's safer than blowing them out as sparks can fly
- Children shouldn't be left alone with lit candles

Cigarettes

- Stub cigarettes out properly and dispose of them carefully. Put them out. Right out!
- Never smoke in bed
- Use a proper ashtray - never a wastepaper basket
- Make sure your ashtray can't tip over and is made of a material that won't burn
- Don't leave a lit cigarette, cigar or pipe lying around. They can easily fall over and start a fire
- Take extra care if you smoke when you're tired, taking prescription drugs, or if you've been drinking alcohol. You might fall asleep and set your bed or sofa on fire
- Keep matches and lighters out of children's reach
- Consider buying child resistant lighters and matchboxes
