19. NATIONAL JOINT COUNCIL CIRCULARS ON PAY FOR 2019 – BRIGADE MANAGERS AND OTHER ROLES

The Director of People Services provided Members with details of the National Joint Council and Local Government Services' circulars which confirms agreement reached in respect of pay awards for 2019 for Brigade Managers and other roles, and how it related to South Wales Fire & Rescue Service. The first draft of equality outcomes for the Strategic Equality Plan 2020-2025 together with a mapping table indicating lineage which lead to the formation of the draft outcomes, were presented to Members.

A consultation process will be undertaken on the plan and feedback will be presented at a future meeting of the Fire Authority.

Members noted the content of the report.

21. FIREFIGHTERS' PENSION SCHEMES – WALES GOVERNMENT CIRCULARS 2019/2020

The Director of People Services advised Members that under the terms of the Public Services' Pension Act 2013 (PSBA 2013), the Fire & Rescue Authority is the recognised Scheme Manager for Firefighters' Pension Schemes.

Welsh Government issue regular communications to all Chief Fire Officers, Chairs and Clerks of Fire & Rescue Authorities, electronically in a standard circular template. These emails and circulars can cover a variety of areas, including all aspects of Firefighters' Pension Schemes, and have to be noted or actioned as appropriate.

RESOLVED THAT

21.1 Following a question and answer session on the initial pension shortfall, as reported at a previous Pension Board meeting, Members noted that the expectation is that the service will be required to meet the shortfall. It was agreed to await the Hearing meeting on tapering arrangements, the case management for which is taking place in December.

21.2 Members accepted the Welsh Government (Firefighters' Pension Scheme Circulars and emails) that have been received in the 2019/2020 year to date.

21.3 Members noted the actions that have been implemented for each of the circulars.

At 10:50hrs the meeting was interrupted to allow Members to attend the Remembrance Service. The meeting re-convened at 11:15hrs.

22. RECRUITMENT, ATTRACTION & ENGAGEMENT STRATEGY

The HR Manager Recruitment & Assessment provided Members with an update on the Recruitment, Attraction & Engagement Strategy that is being developed on behalf of the Service. The aim is to attract, engage, recruit and retain a diverse workforce which is representative of the community of South Wales, and to become a 'preferred employer of choice'. The report provided details of previous work undertaken, ongoing developments and the way the Service would like to move forward.

The Head of HR advised Members that the Strategy will be developed from 2020 onwards. He also advised that following the recent Wholetime Firefighter Recruitment Process which was open for a limited time over 2 days, the Service received a total of 3,200 applications of interest, which was pleasing to report.

Following a question and answer session on the recruitment process, and the perception members of the public have on the role of a firefighter, it was noted that standards cannot be lowered however the service can work through any barriers that individuals may have and will help to develop them. The Service's fitness advisers can also assist, if required. For those applicants that did not meet the entry criteria, the Service will work through any shortfalls with them.

In relation to the low number of female firefighters, it was confirmed that positive action work is being carried out in conjunction with organisations such as Stonewall and Chwarae Teg. Females are encouraged and advised that they can undertake the role.

Applications have also been received from former Cadets, and the Service is considering how it can work with them and provide support to future applicants.

The 'He for She' campaign launched at the Senedd was very successful and showed how services can move away from discriminating barriers. The Service will ensure it maintains its impetus in this regard.

The Chair thanked the HR Manager for the work undertaken on the Strategy.

RESOLVED THAT

Members noted the content of the report.

23. UPDATE ON LEADERSHIP DEVELOPMENT STRATEGY – 1 SEPTEMBER 2018- 31 MARCH 2019

The Head of HR updated Members on the development modules in respect of the future leaders of the Service, and outlined the background for future plans.

The Service is considering more effective ways of working in terms of cost and time management and reviewing promotional processes used within other organisations.

The Head of HR advised of the recent Leadership conference held with South Wales Police and the Ambulance Service which was a successful event and it is hoped that the event will run on an annual basis. Keynote speakers were in attendance and the event's themes were based on leadership development, leadership activities, individual productivity, nutrition, talent management, customer service levels, employment engagement, lower absence rates and how to reduce disciplinaries and grievances.

Benefits, resource sharing and opportunities to share costs with other agencies will be considered. Tentative discussions with South Wales Police and WAST have taken place in this regard.

RESOLVED THAT

Members noted the contents of the report.

24. ANNUAL MENTAL HEALTH STRATEGY & WELLBEING DELIVERY PLAN REPORT FOR THE PERIOD 1 APRIL 2018 – 31 MARCH 2019

The HR Manager Attendance Management informed Members that the Service published the Mental Health Strategy 2018-2021 in September 2018. The report outlined the progress made to the Service's mental health provision from April 2018 to March 2019, a summary of the ongoing health and wellbeing support provided by the Service and a brief overview of the new activities to be undertaken from April 2019 to March 2020.

The HR Manager advised that she is due to meet with an assessor to discuss the corporate work standard in relation to securing an externally accredited award and to review how the Service is achieving against their standard.

A Wellbeing Steering Group has been set up which is represented by members of staff from across the service. The HR Manager and Firefighter Crews are currently undertaking a review of mental health. Firefighter Crews is also a member of the Royal Foundation Working Group which has been established

to provide mental health support and wellbeing of front line and other operational members of staff. Firefighter Crews provided Members with an insight into the work of the group which consists of representatives from Fire, Ambulance, Police and Coastguard. Firefighter Crews will be seconded to HR to review what support is in place, from a Service perspective and will visit neighbouring services to discuss good practice.

The Service's aim is to build on the 'Time to Talk' Campaign and to arrange an awareness day through the Royal Foundation. It was noted that 1 in 4 will suffer with some form of mental health and of those, only 25% will access support. Suicide rates are male dominated. Those between the ages of 40-45 in Wales are more at risk of taking their own life and with this in mind, the Service will consider what support can be provided. Line managers will be advised where information can be found to provide support.

The ACO People Services was pleased to advise Members of the powerful partnership that is now in place and the good piece of work that Firefighter Crews, in conjunction with the HR Manager, has completed to date. She also congratulated Firefighter Crews on securing his place on the Royal Foundation.

RESOLVED THAT

Members noted the contents of the report.

25. GENDER PAY GAP STATEMENT

The Director of People Services advised Members that under the Equality Act 2010 (Specific Duties and Public Authorities), all public authorities are required to publish gender pay gap information by reporting the percentage differences in pay between their male and female employees.

Public authorities must publish the required information based on data captured on the snapshot date of 31 March 2019, within 12 months. Accordingly, the deadline for publication is 30 March 2020 for the Service's Gender Pay Gap report based on figures as at 31 March 2019.

This report details the legal background and requirements placed on the Fire & Rescue Authority to publish a Gender Pay Gap Statement, the reporting metrics set out in legislation, and the definitions for the relevant pay period, full pay relevant employee, ordinary pay and bonus pay.

The Director of People Services also advised Members that the Service will hopefully be able to close the gender pay gap through the implementation of its Recruitment and Attraction Strategy which will be reported at the December meeting of the Fire Authority for final sign off.

25.2 Year on year figures to be provided at the next meeting, to include comparisons with other services.

A presentation was provided on the results received from a recent questionnaire to all staff.

It was noted that all negative and positive comments are being reviewed and the Service will consider how they can be addressed. It was identified that over 1/3 of staff did not engage in the process and this will also be reviewed going forward to ensure they are involved in future engagement.

The Chair thanked the Training Manager for providing the presentation.

RESOLVED THAT

Members noted the contents of both the presentation and report.

27. CFBT PROJECT UPDATE

The Training Manager provided a presentation on the CFBT Project which included images and video footage of a controlled burn.

An invite will be sent to Members for the Official Opening. The Deputy Minister will also be in attendance.

SUMMARY

South Wales Fire & Rescue Authority is required to publish a Pay Policy Statement for each financial year, which provides information for the following financial year.

The Fire & Rescue Authority at their meeting held on 6 February 2012, adopted and published its first Pay Policy Statement. The Fire & Rescue Authority also determined that the HR & Equalities Committee should review the Pay Policy Statement and report to the full Committee. In 2014 Welsh Government issued new guidelines with further amendments which determined the contents of the Pay Policy. The 2020/2021 Pay Policy Statement has been drafted for Members

RECOMMENDATION

1. That Members review South Wales Fire & Rescue Authority's Pay Policy Statement for 2020/2021.
2. That Members approve the 2020/2021 Pay Policy Statement to be published by 31 March 2020.

1. BACKGROUND

- 1.1 The Localism Bill 2010 was enacted in Parliament in November 2011, and as such required South Wales Fire and Rescue Authority to publish a Pay Policy Statement by 31 March 2012, and for each subsequent financial year, which provides information for the following financial year.
- 1.2 The Localism Act includes the provision of general powers for stand alone Fire & Rescue Authorities with a requirement to publish a Pay Policy Statement each year.
- 1.3 A Pay Policy Statement is expected to contain the following elements:-
 - A Pay Policy Statement must set out the Authority's policies for the financial year relating to:-
 - (a) the remuneration of its Chief Officers
 - (b) the remuneration of its lowest paid employees and

(c) the relationship between –

- The remuneration of its Chief Officers, and
- The remuneration of its employees who are not Chief Officers

The Statement must state:-

- The definition of ‘lowest paid employees’ adopted by the Authority for the purposes of the Statement, and
- The Authority’s reasons for adopting that definition

The Statement must include the Authorities policies relating to:-

- The level and elements of remuneration for each Chief Officer
- Remuneration of Chief Officers on recruitment
- Increases and additions to remuneration for each Chief Officer
- The use of performance related pay for Chief Officers
- The use of bonuses for Chief Officers
- The approach to the payment of Chief Officers on their ceasing to hold office or to be employed by the Authority, and
- The publication of and access to information relating to remuneration of the Chief Officers

1.4 A Pay Policy Statement should also set out the Authority’s policies for the financial year relating to the other terms and conditions applying to the Authority’s Chief Officers.

1.5 There are supplementary provisions relating to statements as follows:-

- A relevant Authority’s Pay Policy Statement must be approved by a resolution of the Authority before it comes into force.
- The Statement must be prepared and approved before the end of 31 March.

1.6 Each subsequent Statement must be prepared and approved before the end of 31 March immediately preceding the financial year to which it relates.

- 1.7 The Fire & Rescue Authority may by resolution amend its Pay Policy Statement, including after the beginning of the financial year to which it relates.
- 1.8 As soon as is reasonably practicable after approving or amending a Pay Policy Statement, the Authority must publish the Statement or the amended Statement in such a manner as it thinks fit, which would include publication on the Authority's website.

2. ISSUES

- 2.2 The Policy Statement reflects Welsh Government guidance on the structure of Pay Policy Statements.
- 2.3 The areas included within the Pay Policy are:- Purpose, Legislative Framework, Scope, Pay Structures (with examples), Market Supplements, Honoraria, Re-employment (abatement position), Definition of Chief Officer and pay levels, additions to salary of Chief Officers, Performance Related Pay for Chief Officers, Payments on Termination (assumed redundancy), Pay Relatives with the Authority (remuneration of lowest level and multipliers within the Authority), Independent Remuneration Panel, Accountability and Decision Making, and Reviewing the Policy.
- 2.4 All relevant changes have been identified and updated in Appendix 1.

3. EQUALITY RISK ASSESSMENT

- 3.1 In January 2020 the Service will commence a Job Evaluation exercise for its Corporate staff. Parallel to this we will undertake an equal pay audit to analyse the position prior to commencing this work. Equal pay audits are a means of establishing if an organisation is paying its employees fairly and consistently, without discrimination on the basis of gender or race. The position will be reviewed as part of the exercise and reported back to the Fire Authority, along with the outcomes of the Job Evaluation exercise.

4. RECOMMENDATIONS

SOUTH WALES FIRE & RESCUE AUTHORITY

LOCALISM ACT 2011: PAY POLICY STATEMENT

1.	INTRODUCTION	
1.1	South Wales Fire & Rescue Authority is committed to operating consistent and equitable pay arrangements for employees. This policy sets out the key principles that must be adhered to in establishing employee pay levels and in approving pay related allowances. It sets out the basis for determining salaries, how salary levels are arrived at, the method of pay progression and the approval for acting up, honoraria and severance payments.	FA 15.12.14
1.2	In accordance with the Localism Act and the Code of Recommended Practice for Local Authorities on Data Transparency, this policy, the pay multiple between the highest paid employee, and the levels for senior employees, are published on the Fire & Rescue Service's website.	FA 15.12.14
1.3	The legislation requires pay to include all remuneration including salary, allowances, and expenses. All such payments are covered within this policy or the other pay related policies referred to in Section 16. There are no discretions to make further payments outside of these policies.	FA 15.12.14
2.	SCOPE	
2.1	This policy applies to all South Wales Fire & Rescue Authority employees.	FA 15.12.14
2.2	<p>The Fire & Rescue Authority advocates collective bargaining arrangements and supports existing national level provisions that govern pay and conditions of service for the following employee groups:</p> <ul style="list-style-type: none"> • National Joint Council for Local Authorities' Fire and Rescue Services, Scheme of Conditions of Service • National Joint Council for Brigade Managers of Fire and Rescue Services, Constitution and Scheme of Conditions of Service • National Joint Council for Local Government 	FA 15.12.14

3.	LEGAL CONTEXT	
3.1	<p>Section 38 (1) of the Localism Act 2011 requires English and Welsh Local Authorities to produce a Pay Policy Statement for each financial year. The Bill as initially drafted referred solely to Chief Officers (a term which includes both statutory and non-statutory Chief Officers, and their Deputies); but amendments reflecting concerns over low pay and also drawing on Will Hutton's 2011 'Review of Fair Pay in the Public Sector' introduced requirements to compare the policies on remunerating Chief Officers and other employees, and to set out policy on the lowest paid.</p>	<p>FA 15.12.14</p>
3.2	<p>The Act as finally passed requires the Pay Policy Statement to range over disparate aspects of remuneration policy and must include the following:-</p> <ul style="list-style-type: none"> • A Local Authority's policy on the level and elements of remuneration for each Chief Officer • A Local Authority's policy on the remuneration of its lowest-paid employees (together with its definition of "lowest-paid employees" and its reasons for adopting that definition) 	<p>FA 15.12.14</p>

	<ul style="list-style-type: none"> • A Local Authority's policy on the relationship between the remuneration of its Chief Officers and other Officers • A Local Authority's policy on other specific aspects of Chief Officers' remuneration: remuneration on recruitment, increases and additions to remuneration, use of performance-related pay and bonuses, termination payments and transparency 	
3.3	The Act defines remuneration widely, to include not just pay but also charges, fees, allowances, benefits in kind, increases in/enhancements of pension entitlements, and termination payments.	FA 15.12.14
3.4	For the purposes of this statement the term "Chief Officer" is not limited to Heads of Paid Service or statutory Chief Officers. It also includes those who report directly to them both statutory and non statutory. For South Wales Fire & Rescue Service this includes the Chief Fire Officer, Deputy Chief Fire Officer, Deputy Chief Officer, Assistant Chief Fire Officers, Assistant Chief Officers.	FA 15.12.14 FA 12.02.18
3.5	The Localism Act 2011 requires Authorities to develop and make public their Pay Policy on all aspects of Chief Officer Remuneration (including on ceasing to hold office), and that pertaining to the 'lowest paid' in the Authority, explaining their Policy on the relationship between remuneration for Chief Officers and other groups.	FA 15.12.14
3.6	In discharging its legislative responsibilities for transparency under the above Localism Act, South Wales Fire & Rescue Authority's Pay Policy details each of the arrangements that have been resolved.	FA 15.12.14
4.	PRINCIPAL OFFICERS' PAY CONSTRUCT	
4.1	National Joint Council circular (ref number 28/05/04) dated 28 May 2004 dealt with the Principal Officers pay settlement and reinforced a previous recommendation that a local review of the pay levels of senior staff should be undertaken.	FA 15.12.14
4.2	The Fire & Rescue Authority employs Chief Officers under Joint National Council terms and conditions which are incorporated in their contracts. The Joint National Councils for Chief Fire Officers / Chief Officers negotiates on national (UK) annual cost of living pay increases for this group, and any award of same is determined on this basis.	FA 12.10.15

	Chief Fire Officers / Chief Officers employed under Joint National Council terms and conditions are contractually entitled to any national Joint National Council determined pay rises and this Fire & Rescue Authority will therefore pay these as and when determined in accordance with current contractual requirements.	
4.3	The Fire & Rescue Authority recently resolved that the HR & Equalities Committee should be assigned to consider Principal Officers' remuneration and their findings reported to the full Fire & Rescue Authority for final determination.	FA 15.12.14

4.4	South Wales Fire and Rescue Authority's Executive Leadership Team remuneration matrix is identified as comprising:															
	<table border="1"> <thead> <tr> <th>Title</th> <th>Notional % of CFO salary</th> </tr> </thead> <tbody> <tr> <td>Chief Fire Officer (CFO)</td> <td>100%</td> </tr> <tr> <td>Deputy Chief Fire Officer (DCFO)</td> <td>80% of CFO</td> </tr> <tr> <td>Deputy Chief Officer (DCO)</td> <td>95% of DCFO</td> </tr> <tr> <td>Assistant Chief Fire Officer (ACFO)</td> <td>75% of CFO</td> </tr> <tr> <td>Assistant Chief Officer (ACO)</td> <td>82.5% of ACFO</td> </tr> <tr> <td>Treasurer*</td> <td>70.88% of ACO</td> </tr> </tbody> </table>	Title	Notional % of CFO salary	Chief Fire Officer (CFO)	100%	Deputy Chief Fire Officer (DCFO)	80% of CFO	Deputy Chief Officer (DCO)	95% of DCFO	Assistant Chief Fire Officer (ACFO)	75% of CFO	Assistant Chief Officer (ACO)	82.5% of ACFO	Treasurer*	70.88% of ACO	
Title	Notional % of CFO salary															
Chief Fire Officer (CFO)	100%															
Deputy Chief Fire Officer (DCFO)	80% of CFO															
Deputy Chief Officer (DCO)	95% of DCFO															
Assistant Chief Fire Officer (ACFO)	75% of CFO															
Assistant Chief Officer (ACO)	82.5% of ACFO															
Treasurer*	70.88% of ACO															
	<p>* The Treasurer reports directly to the FRA, holds no directorate responsibility and is employed for 118 days per annum.</p> <p>Note: From time to time the percentage figures may need to be amended to reflect the pay award made to ensure that each roles salary actually receives the pay award. For example:-</p> <p>CFO 1% award – Salary £129,820 p.a. to £131,118 p.a. DCFO 80% of CFO – Salary £103,856 p.a. to £104,895 p.a. DCO 95% of DCFO – Salary £98,859 p.a. to £99,650 p.a. (less than 1% pay award £98,859 + 1% = £99,848 p.a.). Therefore, the award should be adjusted by 0.189% to 95.189% = £99,848 p.a.</p>															

4.5	The Fire and Rescue Authority on 9 July 2018 determined that the non-uniformed DCO, ACO and Treasurer's posts would be single salary points and determined on a percentage basis as set out in point 4.4.	FA 15.12.14 FA 09.07.18
4.6	To meet the Service's functional needs the resulting remuneration structure had to reflect the commitment to providing a resilient and flexible service.	FA 15.12.14
4.7	Fire & Rescue Authority, (Ref number Minute 67, September 2009), resolved that the Executive Leadership Team would be comprised of five directors. In addition, the Treasurer reports directly to the Fire and Rescue Authority, but holds no directorate responsibility.	FA 15.12.14
4.8	Fire and Rescue Authority, (December 2010), resolved to advertise the Deputy Chief Officer's post and to open the applications to both uniformed and non-uniformed candidates, with a Deputy Chief Officer's remuneration being set at 95% of that of a Deputy Chief Fire Officer.	FA 15.12.14
4.9	Fire and Rescue Authority revisited relevant percentage variances at Deputy and Assistant levels and at its meeting 9 July 2018 further resolved that the titles and grading arrangements identified in Paragraph 4.4 be introduced.	FA 15.12.14 FA 09.07.18
4.10	Assistant Chief Officer's remuneration is established at 82.5% of the full rate of the Assistant Chief Fire Officer.	FA 15.12.14 FA 09.07.18
4.11	Chief Officers, remuneration on appointment is determined by the full Fire and Rescue Authority. South Wales Fire and Rescue Authority does not pay performance related pay or bonuses, and no additional allowances or enhancements to salary or pension are offered upon employment. On cessation of their duties no additional payments are made other than those that are due for salary purposes or payments made to the individual in line with the appropriate pension scheme on retirement.	FA 15.12.14
4.12	Information on the remuneration of Chief Officers is published as part of the South Wales Fire and Rescue Service annual end of year Financial Statement.	FA 15.12.14
4.13	In accordance with this Pay Policy Statement, Chief Officers' remuneration levels should be reviewed annually as part of South Wales Fire and Rescue Authority's	FA 15.12.14

	commitment to maintaining a competitive grading and remuneration structure. In the absence of nationally determined guidance on 'cost of living' increases the Fire and Rescue Authority may identify and agree a local rate and implementation date. The HR and Equalities Committee will be responsible for reviewing this situation, and for making recommendations to the full Fire and Rescue Authority. Only the Fire and Rescue Authority may make a final determination in respect of remuneration rates for Chief Officers, including annual cost of living awards.	
4.14	On 27 March 2017 the HR & Equalities Committee received a report detailing the cessation of the joint arrangements for the provision of a joint post of Senior Occupational Health Physician. It was resolved that SWFRS would solely employ the SOHP on a part time basis. Remuneration is in accordance with British Medical Association (BMA) guidance within the Occupational Physician (Consultant initial appointment) salary range.	FA 15.12.14 FA 12.02.18
5.	AREA MANAGERS (4 POSTS) – LOCAL AGREEMENT	
5.1	Following a review of the Area Managers' establishment and operational rota it was determined that the number of posts would reduce from 6 to 4 from August 2009 with a move to a continuous duty system rota.	FA 15.12.14
5.2	The remuneration scheme for this group of staff was locally agreed as follows: AMB salary, as per agreed NJC Fire & Rescue Services uniformed pay scales, plus 20% flexi duty allowance, plus 14% continuous duty system payment.	FA 15.12.14
6.	NON UNIFORMED HEADS OF SERVICE (4 POSTS)	
6.1	Heads of Service remuneration rate is determined at a point above the National Joint Council (NJC) for Local Government Services salary scales and is expressed as a percentage of an Assistant Chief Officer's baseline salary.	FA 15.12.14
7.	ALL OTHER STAFF	
7.1	All other staff employed by South Wales Fire and Rescue Authority are encompassed within Wholetime, On-Call, Control or Support Staff categories, and as such their remuneration is based on the relevant NJC agreed salary schemes as identified in paragraph 2.2.	FA 15.12.14

7.2	In general the terms and conditions of employment for all staff are covered by existing collective agreements negotiated with those trade unions recognised by the Fire and Rescue Authority for collective bargaining purposes. These arrangements are embodied in the Scheme of Conditions of Service of the National Joint Council, and are supplemented by the Fire and Rescue Authority's rules, records, Organisational, Policy & Procedural Documents and other instructions, as amended, along with such other employment law legislation which will apply from time to time.	FA 15.12.14
7.3	The "lowest salary" used by the Fire and Rescue Authority is the National Joint Council (NJC) for Local Government services (Green Book), spinal column point 1.	FA 15.12.14
7.4	An examination of the current pay levels within the Authority enables the Authority to identify the multiplier between the lowest pay point and that of the Chief Fire Officer. The multiple between the lowest paid (full time equivalent) employee and the Chief Fire Officer is 1:7.77.	FA 15.12.14
8.	DELEGATED AUTHORITY LEVELS	
8.1	Any variation in pay detailed within this policy is subject to appropriate approval, as described below.	FA 15.12.14
8.2	Decisions on pay detailed within this policy are delegated as follows:	FA 15.12.14

DECISION	DELEGATED AUTHORITY LEVEL
Starting pay (above grade minimum), but not including, Assistant Chief Officer (and equivalent level)	Assistant Chief Officer People Services (As identified in the Fire & Rescue Authority Standing Orders)
Starting Pay Assistant Chief Officer (and equivalent) level and above	Full Authority to agree the senior management organizational structure including grades and salary bands. Appointment panel to agree and approve actual salary on appointment within the management structure agreed by Full Authority above.
Appointment to higher graded job (above grade minimum) up to, but not including, Assistant Chief Officer level.	Assistant Chief Officer People Services or delegated to Head of HR.

Acting-up payment at Assistant Chief Officer level where total salary package is less than £100k.	Chief Fire Officer
Acting up payment for posts where total salary package is more than £100k.	Full Fire & Rescue Authority

8.3	Human Resources is responsible for overseeing any decisions on pay in order to ensure that they are made in accordance with the delegated authority levels and are compliant with the terms of the Pay Policy and legislation.	FA 15.12.14
8.4	Delegations for decision on pay cannot be delegated below the levels outlined in table above.	FA 15.12.14
9.	PAY RELATIVITIES WITHIN THE FIRE AND RESCUE AUTHORITY	
9.1	The lowest paid persons employed under a Contract of Employment with the Fire and Rescue Authority are employed on full time [37 hours] equivalent salaries in accordance with the minimum spinal column point currently in use within the Fire and Rescue Authority's grading structure. As at 1 April 2019, this is £17,364 per annum. The Fire and Rescue Authority occasionally engages Apprentices [and other such Trainees] who are not included within the definition of 'lowest paid employees'.	FA 15.12.14
9.2	The statutory guidance under the Localism Act recommends the use of pay multiples as a means of measuring the relationship between pay rates across the workforce and that of senior managers.	FA 15.12.14
9.3	The Authority remunerates substantive personnel above the National Living Wage.	FA 15.12.14
10.	STARTING SALARY	
10.1	Employees appointed to jobs within the Authority will normally be appointed to the minimum point of the pay grade for the job.	FA 15.12.14
10.2	In certain circumstances it may be appropriate to appoint to a higher point in the pay grade. This may arise when the preferred candidate for the job is in or has been in receipt of a salary at a higher level than the grade minimum.	FA 15.12.14

10.3	An Appointment Panel wishing to appoint a candidate up to, but not including Assistant Chief Officer level, at a salary above the grade minimum must seek approval from the Assistant Chief Officer, fully outlining the business case. Managers may seek guidance from Human Resources, if required.	FA 15.12.14
10.4	The business case should incorporate the following: <ul style="list-style-type: none"> • preferred candidate's current or most recent salary; • salary range for job being appointed to; preferred candidate's interview assessment outcome and details of point scores for other interviewees; • benefits to service and customers of appointing the preferred candidate; • potential impact on other jobholders of appointing the preferred candidate at a level higher than the grade minimum; • confirmation that increased employee costs will be met by the existing service budget. 	FA 15.12.14
10.5	The Assistant Chief Officer People Services will: <ul style="list-style-type: none"> • consider the request presented by the recruiting manager; • discuss their proposed decision with Head of Human Resources to ensure it is compliant with the terms of the Pay policy; • respond to the appointment panel; • complete the relevant payroll authorization so that the recruitment process can be completed. 	FA 15.12.14
10.6	The decision of the Assistant Chief Officer People Services is final.	FA 15.12.14
10.7	A resolution of the full Fire and Rescue Authority is required for all organizational re-structures and associated grading and salary.	FA 15.12.14
11.	RE-EMPLOYMENT OF FORMER EMPLOYEES	
11.1	Former employees are able to be re-employed by the Fire and Rescue Authority, but there are several determining factors.	FA 15.12.14
11.2	The Fire and Rescue Authority resolved to introduce the application of abatement of salaries/pension for a fixed term period in order to retain specialist skills, expertise and knowledge.	FA 15.12.14

11.3	Fire and Rescue Authority further resolved to refer applications for abatement of salaries/pension by directors back to the full Fire and Rescue Authority for consideration based on business needs.	FA 15.12.14
11.4	When someone retires, or is released on voluntary or compulsory redundancy, it would not be expected that they would be re-employed as either an employee or an agency worker/contractor in the same or similar job role or service area from which they were made redundant. Such action could indicate that the original decision on the voluntary or compulsory redundancy was not a value for money decision for the tax payer. Therefore, any exceptions to this approach leading to the re-engagement of voluntary or compulsory redundant employees will have to be justified to ensure that the original terms of the redundancy i.e. cessation of work has actually occurred.	FA 15.12.14
11.5	Managers who wish to recruit former employees or procure workers who have previously been made redundant from the same service area will need to provide a business case for doing so, and request authorization from the Fire and Rescue Authority or designated Assistant Chief Officer.	FA 15.12.14
11.6	When a Local Government Pension Scheme or Fire and Rescue Services (on Grey book terms and conditions) pensioner is re-employed within the Local Government sector, and combined earnings and pension exceeds final salary in the original employment when adjusted for inflation, the pension will be abated.	FA 15.12.14
12.	ACTING-UP TO A HIGHER GRADED JOB	
12.1	Acting-up is appropriate when the higher graded post becomes vacant due to maternity leave, sick leave etc. Acting-up allowances are made to employees who agree to carry out the full or partial duties, and responsibilities of a higher grade job. The higher graded job must be part of the Authority's agreed staffing establishment.	FA 15.12.14
12.2	The allowance is payable when an employee carries out the work of the higher grade job for a continuous period for any reason other than annual leave.	FA 15.12.14
12.3	Employees who undertake the full duties and responsibilities of a higher graded job will receive the salary that would apply if they were promoted to the higher graded post.	FA 15.12.14

12.4	Employees who undertake part of the duties and responsibilities of a higher grade job will receive a partial acting-up allowance. For example, if the employee is covering 20% of the higher graded duties and responsibilities then they would receive 20% of the grade differential as acting up allowance.	FA 15.12.14
12.5	Where there are only one or two employees who are able to “act-up” to the higher grade job it is relatively easy to identify the jobholder(s) who could reasonably be asked to carry out the higher graded job. Where there are a large number of employees who may be in a position to “act-up” to the higher graded job, then there will be a need to advertise the temporary vacancy or the acting-up arrangement.	FA 15.12.14
12.6	Managers who wish to use either full or partial acting up arrangements must seek approval from the Assistant Chief Officer (or Head of Human Resources, depending on the level of the post). In addition, managers may also seek guidance from Human Resources, if required.	FA 15.12.14
12.7	The approving officer will: <ul style="list-style-type: none"> • consider the request presented by the requesting manager; • discuss their proposed decision within the Human Resources Department to ensure it is compliant with the Pay policy; • provide a response to the requesting manager, normally within 10 working days; • complete and notify the Payroll Section if a pay variation is to be implemented. 	FA 15.12.14
12.8	Any acting up arrangements at Assistant Chief Officer level must be agreed by the Chief Fire Officer. Any acting up arrangements for posts with remuneration package at or above £100k must also be agreed by the full Fire and Rescue Authority. In both cases the salary must be within the organizational structure agreed by full Fire and Rescue Authority and be financed in full.	FA 15.12.14
12.9	Acting-up allowances are removed once the need for the acting-up arrangement no longer exists. Managers are responsible for ensuring that employees receive sufficient notice of this.	FA 15.12.14
13.	HONORARIUM PAYMENTS	
13.1	An honorarium payment is a one-off payment. It can only be made where there is clear evidence to support the	FA 15.12.14

	<p>following circumstances:</p> <ul style="list-style-type: none"> • where an employee temporarily carries out significant additional work over and above their usual responsibilities; • where an employee carries out a significant amount of work over their normal contracted hours, but is not eligible for overtime payments because of their placing on a salary scale. 	
13.2	<p>An honorarium payment cannot be made in the following circumstances:</p> <ul style="list-style-type: none"> • where the employee is carrying out the full or partial duties and responsibilities of a higher graded job, when an acting-up payment should be made; • where the ongoing duties and responsibilities of the job have changed to the extent that the job should be submitted for re-evaluation; • where the additional work undertaken is commensurate with the employees current job description/salary grade. 	FA 15.12.14
13.3	<p>If the payment of a honoraria leads to a remuneration package exceeding £100k it must also be approved by the Chief Fire Officer and the Chair of the Fire and Rescue Authority having taken advice from the Assistant Chief Officer for People Services or their nominated representative.</p>	FA 15.12.14
13.4	<p>Honorarium payments are a one-off payment and will be paid on a pro-rata basis to part-time employees, proportionate to their working hours.</p>	FA 15.12.14
13.5	<p>Honorarium payments based on spinal column point differentials will be subject to any cost of living increase applied by the Fire and Rescue Authority.</p>	FA 15.12.14
13.6	<p>Honorarium payments are pensionable.</p>	FA 15.12.14
13.7	<p>Information on all honoraria payments will be compiled and reviewed annually by Human Resources and reported to the HR and Equalities Committee for monitoring purposes.</p>	FA 15.12.14

	due under their contract of employment. In the event of redundancy, severance pay will be paid in line with the employer's discretions as set out in the Employment Protection Policy published by the Fire and Rescue Authority and retained by Rhondda Cynon Taff Pensions Section.	
14.2	All business cases for redundancy, early retirement and severance must be reported to the Fire and Rescue Authority for scrutiny prior to the Authority making a resolution to either accept or reject.	FA 15.12.14
14.3	Regulation 30(6), "Flexible Retirement" – Local Government Pension Scheme Discretion. This discretion will be applied, subject to the Chief Fire Officer and Assistant Chief Officer, People Services agreeing to the application after taking into account the costs and benefits to the organisation. There will be a requirement by the employee to reduce their working hours by at least 40%. Any actuarial reductions in pension benefits will apply.	FA 14.03.15
	The Fire and Rescue Authority / HR & Equality Committee will receive reports to countersign the Chief Fire Officer and Assistant Chief Officer, People Services' decisions	FA 14.03.15
15.	UNIFORMED FIRE AND RESCUE SERVICES	
15.1	All Fire and Rescue Services employees, up to and including Area Managers, are paid in line with the National Joint Council for Local Authorities' Fire and Rescue Services, Scheme of Conditions of Service. These are nationally agreed terms and conditions (the 'Grey' book).	FA 15.12.14
15.2	Under the National Joint Council for Brigade Managers of Fire and Rescue Services, Constitution and Scheme of Conditions of Service (the 'Gold' book), the Chief Fire Officer and Brigade Managers have separate pay arrangements in place. The Chief Fire Officer's salary is reviewed prior to a new appointment being made and a number of factors are taken into account during this process. These are summarized below: <ul style="list-style-type: none"> • The relevant minimum salary of the Chief Fire Officer and the most relevant benchmark data; • The relationship of current salary to the national 	FA 15.12.14

	<p>benchmark;</p> <ul style="list-style-type: none"> • Any substantial local factors not common to Fire and Rescue Authorities of similar type and size; • Comparative information to on salaries in other similar authorities; • Top management structures and size of management team compared to those of other fire and rescue authorities of similar type and size; • The relative job size of each post; and • Incident command responsibility and the requirement to provide operational cover within the employing authority and beyond. 	
15.3	Other Fire and Rescue Service Managers who are paid as a percentage of the Chief Fire Officer's salary may be reviewed at the same time as any review to the Chief Fire Officer's salary takes place.	FA 15.12.14
15.4	For a review, the benchmarking and associated analysis will be collated by the Human Resources Department and any recommendations presented to the HR and Equalities Committee before being submitted to the full Fire and Rescue Authority for final determination.	FA 15.12.14
16.	OTHER PAY RELATED POLICIES	
16.1	Other pay related policy areas that are applicable to all employees are: <ul style="list-style-type: none"> • Business Travel and Expenses • Relocation expenses • Handling redundancy • Early retirement – including redundancy, flexible retirement and efficiency of service • Pensions – LGPS, Firefighters' Pension Scheme 1992, New Firefighters' Pension Scheme 2007 and the Firefighters' Pension Scheme (Wales) 2015 	FA 14.03.16
17.	OTHER TERMS AND CONDITIONS	
17.1	The Act defines remuneration widely, to include not just pay but also charges, fees, allowances, benefits in kind, increases in/enhancements of pension entitlements, and termination payments. (Ref. Section 4. Principal Officers Pay Construct).	FA 15.12.14
17.2	South Wales Fire and Rescue Service contributes to the lease vehicle payments for its Senior Members of staff that choose to take part in the Services lease vehicle scheme.	FA 15.12.14

17.3	Contributions level vary and are dependent on the specific post. These Service contributions form only part of the lease vehicle cost with the majority paid for by the individuals.	FA 15.12.14
17.4	<p>The Fire & Rescue Authority has implemented a strategic framework to ensure the Service has identified its key posts and has considered issues of resilience in support of the delivery of Fire & Rescue Service workforce planning. The aim is to utilise a structured approach to both identifying critical positions and developing managers and staff with high potential within the organisation, and to steer their career development and progression to fulfil these positions.</p> <p>Succession planning is the systematic process whereby the Fire & Rescue Service identifies, assesses and develops their employees to ensure they are ready to take on key roles within the Service. It is a strategic approach to ensure that the necessary talent and skills will be available when needed, and that essential knowledge and abilities will be maintained when employees in critical positions leave.</p>	14.03.16
18.	MONITORING AND REVIEW	
18.1	The Assistant Chief Officer People Services will review the application of this policy on an annual basis.	FA 15.12.14
18.2	The Pay Policy will then be presented to the HR and Equalities Committee for review before being submitted to the full Fire and Rescue Authority for final determination annually in March.	FA 15.12.14
18.3	Any change or deviation from this policy outside of such a review requires full Fire and Rescue Authority approval.	FA 15.12.14

WELSH LANGUAGE STANDARDS UPDATE – JANUARY 2020

SUMMARY

This report provides Members with an overview of the current position with regards to meeting the legal requirements contained within the Welsh Language Standards Compliance Notice issued to the Fire & Rescue Authority by the Welsh Language Commissioner on 30 September, 2016.

RECOMMENDATIONS

That Members note the information contained within the report.

1. BACKGROUND

- 1.1 As Members will be aware, under the Welsh Language (Wales) Measure 2011, Welsh Language Standards have been placed upon Unitary Authorities, Fire & Rescue Authorities, and many other named public sector bodies.

2. ISSUES

- 2.1 A total of 150 standards are specified in the Authority's Compliance Notice. A full breakdown of each standard is attached to the report at Appendix 1.
- 2.2 A bespoke monitoring framework was introduced to ensure the Authority has a robust mechanism to evaluate its compliance with the Welsh Language Standards.
- 2.3 Analysis of all the current standards using the traffic light system is presented below:-

Number of standards scoring in a Green category		141
Number of standards scoring in an Amber category		8
Number of standards scoring in a Red category		1
Total:		150

Key

 = compliant

 = resources/procedures yet to be allocated

 = non-compliant

- 2.4 A review of the Authority's compliance with the Welsh Language Standards was carried out during 2019, following which an update was submitted to the Fire & Rescue Authority in July 2019 by the Director of People Services, ACO Alison Reed. Most of the scores currently recorded as amber relate to translation work that is still in progress, or changes to internal procedures that are in the process of being finalised. The score recorded as red (Standard 55) is in relation to resourcing this standard.
- 2.5 The Fire & Rescue Authority is required to produce and publish an Annual Monitoring report containing information explaining what the Authority has achieved during the 2018/2019 financial year. This has been completed and is published on the Service's website, along with our Compliance Notice and Implementation Plan.
- 2.6 Appendix 2 attached to the report provides a high level snapshot showing the public's interactions with our website and social media pages.

3. FINANCIAL IMPLICATIONS

- 3.1 The Service currently employs two Welsh Language translators, one full-time and one part-time.
- 3.2 Having previously removed the role of the Welsh Language Officer, the Service is presently considering its longer term staffing arrangements to address the ongoing requirements of the Welsh Language Standards.

4. EQUALITY RISK ASSESSMENT

- 4.1 An Equality Risk Assessment has been undertaken by the Welsh Language Officer, and no adverse impacts on any other Protected Characteristics have been identified.
- 4.2 There are positive impacts to the extent that Welsh speaking individuals from within all of the Protected Characteristics groups will benefit from having the option to access and receive most of the Authority's services in Welsh.

5. RECOMMENDATIONS

- 5.1 That Members note the information contained within the report.

South Wales Fire and Rescue Authority Welsh Language Standards Compliance Review and Action Plan January 2020

This action plan has been compiled against the Welsh Language Standards (No 5) Regulations 2016 laid down for the three Fire and Rescue Authorities in Wales and other named bodies. The purpose of this review is to determine the extent to which SWFRS has achieved compliance with the standards and to identify any actions that need to be taken in order to achieve full compliance. Where possible, indicative costs are included.

The standards are grouped into 4 areas as described below:

- a **service delivery** standard
- a **policy making** standard
- an **operational** standard
- a **record keeping** standard

Under these areas, **150** individual standards have be imposed upon SWFRA by the Welsh Language Commissioner. Next to each individual standard is shown a simple “traffic light” system of green/amber/red to denote SWFRSA’s current level of compliance against the standards.

	Compliance achieved.
	Not compliant but work in progress to meet compliance.
	Non-compliant and no action plan in place to achieve compliance.

SOUTH WALES FIRE & RESCUE SERVICE PEOPLE PLAN

SUMMARY

Members will be aware that the All Wales People & Organisational Development Strategy provided the foundations for the work we have done to develop our People Plan. FIRE AND RESCUE SERVICES IN WALES

PEOPLE AND ORGANISATIONAL DEVELOPMENT STRATEGY 2018-2021

INTRODUCTION

There are three Fire and Rescue Services (FRSs) in Wales:

- North Wales Fire and Rescue Service.
- Mid and West Wales Fire and Rescue Service.
- South Wales Fire and Rescue Service.

This strategy has been developed for implementation from 2018 to 2021 and underpins the Welsh FRSs commitment to lifelong learning and workplace competence.

The strategy will ensure there is consistency in the approach to people development and support across the three Fire and Rescue Services and provides a framework for innovative thinking and working to support continued collaboration and partnership

The FRSs support the achievement of applicable national strategies whilst balancing this with a focus on providing a service that puts Wales's safety first within the context of a devolved Government. To that end the following strategies and frameworks have informed the development of our strategy and where appropriate direct reference is made to them:

- National Issues Committee
- Strategic Equality Plans and Annual Improvement Reports
- Health, Safety and Wellbeing Strategies
- Fire Service National Framework Document (2016)
- Well-being of Future Generations (Wales) Act 2015
- Making the Difference Needed - CFOA Strategic Direction 2015-2019
- Fire and Rescue People Strategy (2017-2022)
- Welsh Language (Wales) Measures 2011
- Workforce Planning (WG) Priorities

Innovative thinking and new ways of working will ensure that we provide a service that safeguards individuals and the communities of Wales and reflects the priority areas of the Welsh Government's Fire and Rescue National Framework for Wales. Given continuing budget pressures and increasing

public expectations this strategy supports the search for new ways of working to utilise the skills and professionalism of the FRS workforce for the benefit of the public in Wales.

Whilst the strategy is written providing 7 key elements, it is clear that the elements are interdependent and should not be read or applied in isolation:

1. Resourcing the Fire and Rescue Service
2. Health and Wellbeing
3. Fitness
4. Inclusive Workplaces (Equality and Diversity)
5. Reward and Recognition
6. Management Information Systems
7. Training and Development

All recognised Representative Bodies were fully consulted regarding the content of this strategy. There will be ongoing consultation with the Representative Bodies regarding the implementation of specific elements of the strategy.

The strategy is available to all employees and will be published on services' intranets and websites.

Responsibility

All employees have responsibility for implementing the principles contained in this strategy, together with the Fire and Rescue Authority Members.

Monitoring and Review

The strategy will be periodically reviewed by the People and Organisational Development Group.

AIM

To enable the Welsh FRSs to meet evolving current and future expectations in achieving organisational aims and objectives by recruiting, developing and retaining a highly skilled, motivated and bilingual workforce that represents and

champions the diversity of the communities we serve. The strategy also aims to identify and maximise potential through effective people management and development, leading to a high-performance culture whilst making the most effective use of public funds.

PURPOSE

The purpose of the strategy is to support the organisation in the achievement of its objectives by ensuring that Welsh FRSs strive to create a workforce that has the training, support and tools to do their job and is:

- Service and community focussed
- Committed to our Core Values
- Representative of the communities they serve
- Motivated and skilled.

We will continue to work with partners to reduce the risk of fires, road traffic incidents and other emergencies and to enhance community wellbeing. We recognise the way the FRS is now working beyond its traditional role in an increasingly diverse arena.

1. Resourcing the Fire and Rescue Service

One of the seven well-being goals from The Well-being of Future Generations (Wales) Act 2015 is a prosperous Wales. An innovative and productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately; and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.

The recruitment, development and retention of a workforce which has the commitment and skills to deliver the Authority's services; improved communication and effective redeployment and retraining opportunities being made available by:

- Ensuring recruitment and progression processes are fair, transparent, aim to reflect the diversity of the community and meet future needs of the organisations and utilise national approaches where applicable.

- Supporting the Welsh Apprenticeship Programme and the Welsh Government objective to engage 10,000 young people in apprenticeships by 2022.
- Constantly reviewing recruitment, selection and promotion policies and practices with a particular emphasis on clarity, fairness, transparency and equality of opportunity.
- Implementing effective redeployment arrangements to ensure that all employees facing redundancy or loss of employment (for other than disciplinary reasons) are offered suitable alternative employment, wherever possible, underpinned by suitable retraining opportunities.
- Developing strategies that take account of the increasing normal retirement age.
- Developing workforce and succession plans for current employees.
- Assessing the future viability of the retained/On-call duty system and to consider the use of other flexible working models to provide operational response.
- Improve efficiency with smarter working practices, investigating alternative models for frontline service delivery, addressing cultural barriers and continued streamlining of administration processes and conversion to E-Systems where possible.
- A workforce that is appropriately developed and trained to be safe and to meet the demands of their roles, and a performance management framework which also supports managers in meeting the demands of their role.

2. Health and Wellbeing

Well-being goal: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.

In adopting a more holistic approach to improving employee well-being within the FRS's, we will continue to invest in reducing absence and concentrating on health promotion within the Service.

Absence reduction initiatives have been successful but promoting health and wellbeing is likely to have increased benefits in terms of productivity, motivation and being an attractive employer. Its purpose is to enhance the physical and psychological environment to improve employee wellbeing and, in turn, employee performance. If this is achieved, we can expect a reduction in days lost to sickness and an increase in individual and collective performance.

Providing our employees with a healthy and safe workplace is essential for them to feel safe and secure. The services' approach to Health and Safety will continue to be proactive making full use of leading indicators rather than reliance on lagging indicators to identify and inform where further improvement may be potentially made. Such an environment has the potential to improve service delivery through reduced accidents, lower sickness absence levels and the possibility of fewer ill health retirements.

Adopting the National Framework for Violence against Women, Domestic Abuse and Sexual Violence. Our employment practices universally support employees who disclose abuse by acting to keep employees safe at work and supporting them to stay safe outside work and addressing behaviours of employees perpetrating these issues.

Providing a pro-active Occupational Health service committed to identifying and addressing industrial injuries, stress and other causes of sickness absence, as well as promoting healthy living. The Fire and Rescue National Framework 2016 identifies that the population of Wales is living longer and the working age is increasing and therefore further underlines the importance of healthy living.

Adopting a framework for managers to manage sickness absence which strikes a balance between organisational need and supporting employees.

Foster a culture of participation and involvement based on open communication and inclusion. Work has an important role in promoting psychological wellbeing, because it promotes self-esteem and provides social interaction. This is likely to help employees feel that they have control over their work and foster mental well-being. The FRSs will raise awareness of mental wellbeing among the workforce to reduce the risk of potential negative effects on employees and the organisation as well as importantly reducing potential for stigma related to those employees with mental ill health.

Provide an Employee Assistance Programme (EAP). This is intended to help employees deal proactively with personal problems/and or work-related problems that might adversely impact their work performance, health and well-being.

3. Fitness

Well-being goal: A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.

Firefighting and rescue operations expose firefighters to stressful, arduous and demanding working conditions, which require a high level of physical and mental fitness.

Managing fitness on both an individual and organisational level is key to ensuring a safe and healthy operational workforce. It is recognised that the contractual commitment for all operational staff is to be responsible for their own performance (including personal health and fitness). The Services understand the benefits of a healthy workforce and will support operational staff in maintaining their fitness to undertake their role.

The Services will undertake regular routine health and fitness assessments to ensure compliance with National standards. (The Fire and Rescue National Framework 2016 states that FRSs should continue to operate an agreed single fitness standard).

Furthermore, the Services will adopt Firefit recommendations that are presented as a national standard for aerobic fitness for safe and effective firefighting including aerobic fitness and muscular strength.

Whilst for operational personnel there are contractual and legal obligations for individuals and organisations respectively, all employees will be encouraged to be physically active as it is essential that they maintain sufficient levels of physical fitness to enable them to carry out their role safely and effectively. However, it is also important to understand the health behaviours of our employees and identify associated lifestyle and occupational risks to health and wellbeing. Helping staff understand these risks to their whole lives as well as the workplace is crucial in this.

The Services will support all employees, both operational and support employees, by offering guidance and advice from Physical Fitness Advisers on diet, lifestyle choices, fitness and weight management issues and offering local access to fitness facilities.

4. Inclusivity

Well-being goal: A more equal Wales: A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances).

Ensure plans are in place to recruit, develop and retain the employees we need whilst supporting and promoting equality and diversity.

Develop employees in accordance with Service Core Values to build a culture that respects and values personal development and provides an understanding for employees of where they fit into the organisation and to create an environment of value and cohesiveness. The strategy will help us create an environment that develops talent and retains a balance in work and life whilst encouraging participation and commitment.

Given the percentage of the population being over 50% female, the current gender percentage of the workforce is hugely misrepresentational of this with, at best, just over 5% of firefighters being female. The FRS's have undertaken much work in this area in positive action however more needs to be done. Engagement needs to be undertaken at earlier ages than previously thought as gender stereotyping in employment roles occurs early in the development of a child. Work needs to be completed to address this so that more of the population consider the FRS as career of choice.

Address cultural barriers to ensure the workplace environment is accessible to a diverse workforce.

Value diversity in the Service and the community by promoting equal opportunities in employment and progression and by challenging prejudice and discrimination. Undertaking the Implementation of the Inclusive Fire Group Implementation Strategies.

By equality of pay, all employees are paid the relevant rate of pay for the role and their conditions of service. The Services will regularly monitor pay equality in line with legislative requirements (Gender Pay Gap Reporting) and its pay policy.

Provide timely positive action events to encourage under-represented groups to consider a career with the FRSs.

Remain firmly committed to strengthening our values and upholding a culture which ensures that employees are treated with fairness and respect to promote the Service as an employer of choice.

Welsh language

Well-being goal: A Wales of vibrant culture and thriving Welsh language. A society that promotes and protects culture, heritage and the Welsh language and which encourages people to participate in the arts, sports and recreation.

This strategy is written in accordance with the core values of the FRSs and recognises their responsibilities under the Welsh Language Act 2012, which are reflected in the individual Welsh Language Policies produced by each organisation.

The FRSs remain committed to the Welsh language and to investing in improving skills and standards, as we continue to highlight the importance of a bilingual workforce and providing a bilingual service to the public of Wales.

The recruitment of employees with the appropriate level of Welsh Language skills to provide services to the public and support employees who wish to learn Welsh or improve their Welsh in order to use it in the workplace.

Embedding the Welsh Language Standards to deliver services in Welsh and in other areas such as policy making and promoting the Welsh language.

5. Reward and Recognition

Well-being goal: A prosperous Wales.... which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.

Promoting a fair employment agenda and introducing policies and workplace practices which actively support the management of change in partnership with our workforce, representative bodies and organisations.

The provision of appropriate additional employee benefits which offer value for money for the three Services.

Pension changes have created longer career paths; we will seek to collaborate on pension matters whenever possible and create better pathways for joining up information for employees.

Early engagement with staff to raise awareness and provide support for personal development, opportunities, rationales and pathways for progression.

6. Management Information Systems

Well-being goal: A prosperous Wales: an innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.

Developing a strategic workforce plan which combines workforce change, technology, demographics, turnover and best management practice.

The collection and analysis of employee and workforce data required by the Authorities and relevant external organisations to support effective and well-informed people management practices, leading to measurable improvements in quality based workplace performance.

Analyse operational and strategic workforce data, and collecting and analysing data for statutory and other external workforce surveys, producing regular reports for managers at all levels.

Maintain accurate and up-to-date employee record files and other employee records, always having regard to issues of confidentiality and in accordance with Data Protection Principles.

Ensure that robust systems of assessment and verification are in place to allow recording of training and development activities and workplace performance and ensure that such activities are aligned to individual and organisational need.

The systems must also ensure that accurate information is recorded for the management of training and development and satisfies legal and statutory requirements.

The systems must provide management information to assist in the planning of training and development activities and meet the needs of internal/external quality assurance and auditing.

7. Training and Development

Well-being goal: A prosperous Wales - An innovative, productive and low carbon society which recognizes the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change), and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.

A healthier Wales - A society in which people's physical and mental well-being is maximized and in which choices and behaviours that benefit future health are understood.

A more equal Wales - A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic circumstances).

A Wales of vibrant culture and Welsh language - A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, sports and recreation.

The strategy provides a coherent framework for our corporate improvement activity. A broad approach to organisational development has been taken ensuring that we consider Fire and Rescue Service improvement as a whole and not just individual service or personal development within the Fire and Rescue Services.

To that end it is important that Fire and Rescue Services continue to collaborate with each other, educational establishments and other external training and development providers, ensuring that we can operate in a multi-agency and changing environment.

The FRS's in Wales are committed to supporting the ongoing development of a professional workforce by ensuring that people have the opportunity to maintain and improve their skills. In addition, they aspire to create a working environment that is safe, inclusive, encouraging lifelong learning and free from discrimination.

There is a need to devolve more responsibility for performance management, development and progression of staff to line managers. The empowering of managers will assist in providing an increased range of experience and skills to support core skill maintenance.

The geographically diverse nature of Wales and the reliance on the On-call Duty System necessitates learning environments that are both flexible and easily accessible. The use of e-learning modules to assist centralised learning and development delivery provides one such flexible delivery method. An increase in the use of technology and flexible working supports our commitment to environmental and sustainability agendas. In addition, operational training activities and procurement protocols are aligned to Service environmental strategies and policies.

To ensure consistency the National Occupational Standards will continue to be used to review existing and develop new programmes. This will ensure that development is delivered to a nationally recognised level and is in line with the role requirements.

The FRS in Wales will provide robust quality assurance mechanisms in relation to the delivery of learning and development activities.

Future Leaders

The need to identify and develop future leaders throughout the FRS is seen as a key component in order to meet current and future challenges. The changing nature of the FRS will require future leaders to challenge existing norms and develop innovative solutions to meet societal risks. As collaboration and partnership working opportunities are developed future leaders will also be required to lead without authority and bring influence to bear in order to transcend organisational boundaries. This should be supported by the sharing of best practice and continuation of the collaborative development of and engagement on, leadership programmes in Wales and the wider UK as appropriate.

Effective succession planning will ensure that tomorrow's FRS leaders are identified and provided with the requisite skills and experience in preparation for future organisational challenge and diversification. The FRS will use a range of established and innovative methods, including the assessment and development of technical skills and behaviours to train, develop and support those with the potential to become future leaders

There is a need to ensure that the FRSs have a workforce in place with the right skills and competencies, and is sufficiently flexible to provide fire and rescue services when and where they are required. New ways of working have been explored and the building blocks of these have already been laid down. This work has undoubtedly identified other areas which need review or refinement to ensure that further improvements in efficiency can be achieved.

STRATEGIC EQUALITY PLAN (SEP) – 2020-2025

SUMMARY

The Service's current Strategic Equality Plan (SEP) is time-limited to 31 March, 2020, with a new Plan being required under the Equality Act (2010).

The purpose of this report is to present to Members of the HR & Equalities Committee the draft Strategic Equality Plan 2020-2025.

RECOMMENDATION

That Members note the content of this report.

1. BACKGROUND

- 1.1 Legal requirements within the Equality Act (2010) means it is incumbent upon this Service to develop and implement a five-year Strategic Equality Plan (SEP). The Current Strategic Equality Plan is due to expire on 31 March, 2020.
- 1.2 Along with the above Act, Wales has 'Specific Equality Duties' which also require compliance.
- 1.3 The Service's Corporate Strategic Plan, as well as outcomes of both the Welsh Government, and the Equality & Human Rights Commission (EHRC), all form key components of consideration alongside the Law when developing a Strategic Equality Plan.
- 1.4 Utilising the above method, five key outcomes were devised, and form the basis of the draft Strategic Equality Plan. These were agreed at the HR & Equalities Committee meeting on 11 November, 2019.

2. ISSUE

- 2.1 The Welsh Government has decided to introduce the Socio-economic Duty with effect from 1 April, 2020. However, the proposed implementation period involves a 'softer' approach to be applied to the duty during the first two years, to allow the Welsh Government time to refine the guidance for a period of two years before being issued as 'final' statutory guidance on 1 April, 2022.

2.2 This information outlined in 2.1 has only recently been confirmed. In light of this the Service will wish to review and amend the Strategic Equality Plan 2020-2025 accordingly after publication.

2.3 Next stages:- consultation, amendments, and the presenting of a final draft to the Fire & Rescue Authority on 30 March, 2020.

2.4 The Plan, under Law, must be published and uploaded to the Service's website prior to 1 April, 2020.

3. FINANCIAL IMPLICATIONS

3.1 No known direct financial implications.

4. EQUALITY RISK ASSESSMENT

4.1 The Strategic Equality Plan is constructed from the General Duties (Equality Act (2010)), as well as the Wales Specific Duties, and filtered through the Service's Corporate Strategic Plan, so there is no identified adverse general impact on a particular Protected Characteristic.

5. RECOMMENDATION

5.1 That Members note the contents of this report.

Foreword

Huw Jakeway

Chief Fire Officer
South Wales Fire and Rescue Service

I extend a warm welcome to South Wales Fire and Rescue Service's (SWFRS) Strategic Equality Plan for 2020-25, which introduces our strategic equality outcomes for the next five years.

The outcomes will be built into what we do, with every corporate action being related to one or more of them. This allows for us to accurately monitor improvements and increase our service to all of our communities.

Our Vision of "Making South Wales safer by reducing risk" includes you.

'Inclusion' might be a buzz word to some, but at SWFRS it represents the true commitment of all of us to continue involving you- whether it's in what we can do to be a more inclusive employer, how we can better deliver services that meet your needs, or which safety messages would be of help to you. As a public service we are proud to serve all of our diverse communities, and I encourage you to let us know how we can continue doing so.

I invite you to feedback your thoughts on this plan in either Welsh or English, and let us know if you'd like this in a paper or another format.

Where our outcomes came from

While using jargon based tick boxes might be tempting, we wanted to make sure our Outcomes formed part of real and meaningful changes/improvements, so we:

- Mapped key innovative legislation along with our Corporate and People Plans onto a table (an example of what that looked like is below)
- Identified themes which were common and fell into three categories
- Used those themes to create our Strategic Equality Plan Outcomes
- Colour coded the five Outcomes under the three categories (Services, People, Infrastructure) so they would be easy to find and also pin to our Corporate actions

Corporate Plan Theme	PA1 - Ensuring we provide an efficient, effective and relevant response to our communities.
People Services Plan Aim	4 - Foster a values-based culture focused on diversity, inclusivity, wellbeing, and positive engagement.
Wales Specific Equality Duties	Reg 4 - Authorities have a duty to collect a range of equality information to contribute to this evidence base.

Strategic Equality Outcomes

What we will do

Make sure under-represented groups and marginalized communities are at the beginning of service re-design and delivery.

We will do this by:

- Exploring new ways of working in order to improve service delivery
- Building our relationships with external groups and seek their input into how we can better serve them
- Working with local authorities, charities, health bodies, and other organisations to combine resources to reduce 'consultation fatigue'
- Involving marginalised communities by asking for feedback on what we're doing
- Communicating with those we serve, letting them know what we are doing, and why
- Collecting and analysing relevant data to make sure we are not accidentally excluding a group (or groups)

We will know we've done this when:

- Decisions by Senior Management Team explicitly include equality considerations
- Assessments for equality risks are competently carried out, with improvements noted and actioned
- Links between data, feedback, and changes are clearly made, jargon free, and easily visible to our communities
- Feedback from marginalised communities and under-represented groups show we have improved
- Events and consultations which we do in partnership with others, have increased
- Results of engagement are widely shared

Strategic Equality Outcomes

What we will do

Become an employer that all our communities can see themselves being a part of.

Be a place of work where all employees feel valued.

We will do this by:

- Consistently addressing internal and external barriers to us becoming a truly inclusive employer of choice
- Attracting higher numbers of applications from people in under-represented groups
- Building trust and value with all staff
- Honestly reviewing our current internal culture
- Listening to feedback from under-represented groups
- Upskilling current and future managers
- Enhancing terms and conditions wherever possible while also promoting opportunities for progression

We will know we've done this when:

- Evidence indicates that we have robustly tackled views, actions, and comments which go against our Aims & Values
- Survey shows positive morale across all sections of the organisation
- Data from job vacancies show an increase across all Protected Characteristics
- In-House support services have been used more than in the previous year
- Appraisals become constructive two way conversations

Strategic Equality Outcomes

What we will do

Make sure we carry out our Legal Duties under the Equality Act (2010) and related Welsh legislation.

Improve the infrastructure to better support a 21st century inclusive employer.

We will do this by:

- Publishing reports ahead of their deadlines
- Working with others to share learning and resources
- Lobbying for creative solutions to future proofing a 21st century fire service
- Researching equipment, working patterns, and technology which supports inclusion and enhances what we do
- Improving compliance with the Equality Act (2010)
- Supporting Welsh businesses/suppliers (where possible)

We will know we've done this when:

- Reports are on our website (in both English and Welsh) before the legal deadlines, and referenced in the Corporate Plan
- Benefits of our partnership working are measurable and tangible to the marginalised communities we serve
- Monitoring shows improvement in the fulfilling of our requirements under Law
- Feedback from staff and communities evidence improvements
- Successful contracts and tenders show an increase in Welsh businesses/ suppliers used

What's next?

Along with our Annual Equality Report, which acts as a report card on how we are doing to meet the Equality Act (2010), we'll be publishing a yearly review of this Strategic Equality Plan. This review will include how we are progressing with the five Outcomes, and what we look to do in the following year.

Both of these will be published on our website by March 31st of that year, and promoted on our social media sites.

We encourage you to check out our Diversity Page; from there you'll be able to click through a link to the Corporate Library and find the above (as well as other) reports and plans:

Welsh Language

We are eager to effectively serve those who choose to live their lives via the medium of the Welsh Language. As a result of the Welsh Language (Wales) Measure 2011, the South Wales Fire and Rescue Authority has been issued with a Welsh Language Standards Compliance Notice by the Welsh Language Commissioner. This Compliance Notice is published on our website and gives details about what services citizens can expect to receive in Welsh. We seek to engage with Welsh speakers and learners in order to improve the overall standard of service provided, including services that are provided in Welsh.

 - Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it, and
 - Foster good relations between persons who share a relevant protected characteristic and persons who do not share it

- 2.2 Additionally the Wales Government introduced The Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011, which came into force on 6 April 2011, providing specific duties for relevant Welsh public authorities aimed at enabling them to better perform and demonstrate their compliance with the general public sector equality duty.
- 2.3 These Regulations provide for specific duties relating to; equality objectives; engagement; impact assessments; equality information; employment information; pay differences; staff training; strategic equality plans; procurement; annual reporting; publishing; Welsh Ministers' reporting; review; and accessibility.
- 2.4 Relevant Welsh public authorities must publish an annual report on compliance.

- South Wales Fire & Rescue Service Annual Equality Report for the period of 1 April 2018 to 31 March 2019
- 2.6 In order to establish an ease of reading, the report uses the General Equality Duty and Wales Specific Equality Duties as headings with the supporting data held in the appendices.

3. EQUALITY RISK ASSESSMENT

- 3.1 An Equality Risk Assessment has been undertaken to assess the potential impact of this report. The assessment concluded that there were no adverse impacts on any individual or group of personnel arising from the report itself.

Introduction

This Annual Report aims to meet Regulation 14 of the Wales Specific Duties, and should be read alongside the last Annual Report in order to get a full picture:

Annual Equality Report 2017/18:

https://www.southwales-fire.gov.uk/app/uploads/2019/07/Annual-Equality-Report-1718_en.pdf

The reason for an Annual Equality Report is to act as a report card showing some of how we, as a service funded by the public, are moving forward with complying with the Equality Act (2010).

Here in Wales, the Welsh Government also issued Wales Specific Duties as helpful steps in the equality journey for public services.

Creating practical, real, and meaningful improvement takes time, and we hope you agree that we are heading in the right direction.

OUR MISSION

We will achieve this through:

- **S**erving our communities needs

- **F**acing challenges through innovation and improvement
- **R**educing risk through education, enforcement and response
- **S**ucceeding in making South Wales safer

General Duty

The Equality Act 2010 established a General Duty which aims to ensure people with Protected Characteristics are not excluded, discriminated against, or otherwise treated less than anyone else, due to their protected characteristics; and consists of three fundamental areas:

- **Eliminate** discrimination, harassment, victimization, and any other conduct that is prohibited under the Act
- **Advance** equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it
- **Foster** good relations between persons who share a relevant protected characteristic and persons who do not share it

The General Duty is further supported by the Wales Specific Duties (the Human Rights Act also supports equality work, but is not explicitly included in this Report).

Some of the ways we have worked towards the General Duty include:

- Supported a midnight Ramadan football event.
- Supported Hate Crime awareness week.
- Attended Community based events, including Cardiff Pride.
- Launched an in-house wellbeing campaign.
- Carried on building relations with BAME business owners to improve their safety.
- Promoted equality campaigns on social media and shared information from partner agencies, including not-for-profit ones like MIND.
- Delivered positive action sessions for females and members of our BAME community.
- Developed videos which challenged stereotypes for the On-Call campaign.
- Designated November as Diversity Month and utilized social media platforms to share key messages and the pages of partners, such as Stonewall.

The Wales Specific Duties

This section shows some of what we have done and what we intend to do in relation to the Wales Specific Duties, in order to meet the General Duty mentioned above.

Regulation 3: Regulation Objectives

Equality objectives should be mainstreamed so that all services and departments contribute to equality improvement and manage their equality commitments as part and parcel of their general improvement and customer service commitments.

Regulation 4: Preparation and review of Equality Objectives

Authorities have a duty to collect a range of equality information to contribute to this evidence base.

What we did

- Each Corporate action was linked to one of the Strategic Equality Plan outcomes so we could keep track of improvements
- Devised and publically promoted November as our People Month
- Hosted internal staff training/awareness for ADHD, Dementia, and mental health so we can better understand and serve those needs in our communities
- Launched our Equality Allies Network

What we still intend to do

- Further improve our gathering of relevant data and using results to influence services, and how they are delivered

Regulation 5: Engagement provisions

As part of gathering relevant information, an Authority will need to engage appropriate people in assessing its work in relation to meeting the three aims of the general duty.

What we did

- Conducted 18686 Home Safety Checks across SWFRS area in 2018/2019
- All published booklets, information leaflets, and social media campaigns are bi lingual (English/Welsh)
- Any references to Safe and Well visits in previous versions are now replaced with our standard 'Home Fire Safety Checks'
- Made sure any questionnaire or survey used at our events (such as UKRO in Cardiff Bay) included relevant equality questions. Data then fed into the overall Improvement Plan
- Proactively encouraged public feedback on our Improvement Plan by promoting it in various ways to attract a wider reply
- Undertook the Investors in People audit and started an in-house engagement group
- Used social media and online surveys to better reach, and interact with, our wider community
- Developed a list that includes members of the public, which forms part of our consultation process

What we still intend to do

- Review questionnaires on a regular basis to make sure each is fit for purpose
- Look into more ways we can further improve relationships with under-represented communities

Regulation 6: Accessibility of published information

Local Authorities must ensure that any document or information published to meet its general or specific equality duties in a form that is accessible to people from protected groups.

What we did

- Increased the use of pictures, gifs, and symbols in both our campaigns and social media content
- Moved to a 'more pictorial, less words' approach to the plans and strategies we publish
- Made sure the offer of other formats is always available for copies of plans and strategies
- Promoted the accessibility of our website
- Used tools like Survey Monkey in order to get feedback
- Developed a Communications Strategy as a roadmap to help us increase two-way sharing with our communities

What we still intend to do

- Implement the Communications Strategy
- Look at how we can encourage even more feedback from our communities
- Work with our external partners to improve sharing of resources so we can reach more people

Regulation 7: Arrangements for collection of information about compliance with the general duty

An Authority must put appropriate arrangements in place to ensure that it identifies the relevant information that it holds, and identifies and collects relevant information that it does not hold.

What we did

- Increased how our new Business Management Information System (BMIS) is used so we can better see who is receiving our services
- Made sure surveys were relevant before using them at events
- Ensured survey results were looked at and learned from
- Gained more expertise in the data team
- Regularly encouraged staff to self-update their personal information

What we still intend to do

- Lead on improving data we get from home fire safety checks, and using that information to see who we are, and are not, providing services to
- Assess all the data sources and combine wherever possible

Regulation 8: Impact and monitoring of policies and practices

Assessments need to be completed when a policy or practice is being proposed or reviewed. This will include business planning, efficiency proposals, and staff restructures.

What we did

- Continued to carry out Equality Risk Assessments (ERA) against all major policies reviews, new projects, and key documents like our annual budget
- Began developing an improved approach, which involves one overarching ERA for large pieces of work/campaigns, with individual mini assessments for each of the events/sessions

What we still intend to do

- Pilot the improved approach mentioned above

Regulation 9: Collection and reporting of employment information

This includes data on recruitment and retention, promotion, training opportunities, and grievance and disciplinary actions.

What we did

- Made sure any data was cleaned and anonymized so no employee could be identified by the information
- Regularly reported the anonymized data to Senior Management and the Fire Authority

What we still intend to do

- Look at how we can analyse who accesses training/external opportunities, and who does not

Grievance Data

- 20 alleged breaches of discipline were investigated
- 12 proceeded to formal disciplinary
- 1 case linked to a protected characteristic

Regulation 10: Staff Training

Authorities are required to promote knowledge and understanding of the general and specific duties amongst employees and must ensure that performance assessment procedures, such as personal appraisals or personal development reviews, are used to identify and address training needs.

What we did

- Devised an updated training needs analysis for all incident commanders
- Developed a new Learning & Development (L&D) strategy in line with the new direction of the Services L&D and progression principles, incorporating the key themes of the new People Strategy 2019-22
- Began a series of sessions for Station Commanders which includes a dedicated equality element
- Continued including equality in all staff inductions

What we still intend to do

- Address the issues around the online e-learning platform we use, so that e-packages can be better offered, and accessed, by all staff
- Build a series of Master Classes with equality in each level
- Make sure the new appraisal process includes an action to evidence equality knowledge/involvement

Regulation 11 and 12: Equal Pay and Action Plans

There is also a requirement to consider this information when drawing up equality objectives. Local Authorities must also publish an equality objective and action plan in relation to addressing any gender pay difference identified or publish reasons why it has not done so.

The Service published its Gender Pay Gap Report and it can be viewed at YouGov and also on our website.

<https://www.southwales-fire.gov.uk/app/uploads/2019/03/3538-Gender-Pay-Gap-Report-2019.pdf>

Regulation 13: Review of arrangements

Regulation 14: Annual reporting on compliance with the general duty

Equality objectives must be reviewed at least every 4 years. Authorities are also required to keep under review other aspects of compliance with general and specific duties.

What we did

- Carried out a review of actions aligned with our Strategic Equality Plan
- Ensured the Strategic Equality Plan Review, and previous Annual Equality Report, were translated and published ahead of the legally required deadline
- Completely redesigned the Equality Risk Assessment form and process to reflect positive impacts and also to incorporate the Well Being of Future Generations goals

What we still intend to do

- Begin the development of our new Strategic Equality Plan which will include both internal as well as external consultation and input
- Use social media as a key feature in engaging with our communities on outcomes for the new Plan

Regulation 18: Public Procurement

The general duty applies to all procurement regardless of the value of the contract. The specific duty applies when a Local Authority is procuring works, goods or services from other organisations on the basis of a 'relevant agreement'.

What we did

- Continued to question suppliers through our procurement process in line with Equal Opportunities and Discriminatory Practices, training, and promotion opportunities
- Lobbied for best practice in any joint procurement exercise
- Improved our delivery through creating and implementing a Procurement Induction information and Staff Training
- Developed methodology to capture guidance on large procurement projects to ensure effective future procurements
- Initiated debriefs and lessons learnt from major procurement projects

What we still intend to do

- Look into fine tuning how we spot-check supplier's employment practices to ensure they are in line with all equality related legislation, including that of anti-trafficking

Staff Data

As per instruction from the Welsh Government, completely anonymized staff data (by self-declared Protected Characteristics) is now viewable as an Open Data Source Document.

https://www.southwales-fire.gov.uk/app/uploads/2019/03/SWFRS_Employer-Equality-Report-Data-2018-19.pdf

This means no one can be personally identified by how the data is presented, yet we are able to still show a general breakdown of how we are working towards representing our communities.

Please note that when numbers have been low, they have been kept out of the data report. This is to help make sure no person can be identified. Figures for Gender/Grade, as well as Leavers, is also included.

The Equality Act (2010)

This replaced more than 100 pieces of legislation with one legal document.

General Duty

The Equality Act 2010 established a General Duty which has three fundamental areas:

- Eliminate discrimination
- Advance equality of opportunity
- Foster good relations

Protected Characteristics

These are the identified characteristics which are protected by Law against being discriminated against or otherwise treated less than anyone else and cover: Age, Belief/ Non-Belief, Disability, Gender Reassignment, Race, Sex, and Sexual Orientation.

In certain circumstances, this also includes Civil Partnerships/Marriage and Pregnant/ Maternity.

Wales Specific Duties

The Welsh Government set out specific areas that must be complied with here in Wales, and by doing so, public bodies such as the Fire and Rescue Service will be able to show compliance with the General Duty above.

Strategic Equality Plan (SEP)

Our Strategic Equality Plan is developed with input from communities and staff, and outlines how we plan on meeting the requirements of both the Equality Act (2010) and the Wales Specific Duties.

Improvement Plan (IP)

This is published on our website (www.southwales-fire.gov.uk) and shows how we are performing across our services, and what the priorities are for the coming year. Risk Reduction Plan (RRP) This plan is published on our website (see above) and shows our priorities plus how we intend to meet them.

ESTABLISHMENT STRUCTURE UPDATE – JANUARY 2020

SUMMARY

This report provides Members with an overview of the current position with regard to the Service's staffing structure following the agreement at the Fire & Rescue Authority meeting in September 2018, to approve a restructure to meet future challenges and demands.

RECOMMENDATIONS

That Members note the content of the report.

1. BACKGROUND

1.1 As Members may be aware, the Fire & Rescue Authority approved a new staffing structure at their meeting in September 2018. This structure was designed to meet the future challenges and demands facing the Service. In approving the structure the Fire Authority stated the following requirement/amendment:-

- That Members receive updates on the progress of appointing to the new structure.
- Members approved an amendment to the Scheme of Delegations to permit changes to the approved new establishment structure to be made by the Director of People Services and the Head of Paid Services.

2. ISSUES

2.1 UPDATE ON PROGRESS

The Service commenced filling the vacant posts immediately following the decision taken by the Fire & Rescue Authority. In total over 70 corporate staff posts were filled within the following nine-month period. Just under three quarters of the posts were filled by internal applicants, while just over 25% were filled by external applicants. The structure is now settled and functioning as normal.

2.2 CHANGES TO APPROVED STRUCTURE

Since approval was granted in September 2018, there has been one amendment to the establishment structure, as approved by the Director of People Services and the Head of Paid Services. This amendment was made within the HR Department in February 2019, with the intention to enable HR processes to flow more efficiently, provide much needed resilience across all areas, and release time to support the Service's managers in a more proactive manner.

2.3 The details of the structural changes made are contained within Appendix 1 attached to the report.

3. FINANCIAL IMPLICATIONS

3.1 The change to the structure was implemented whilst remaining within the overall pay budget as approved by the Fire & Rescue Authority.

3.2 The agreed changes made a slight saving as set out below:-

- Total previous budget for the HR Department - £887,274
- Total revised budget for the HR Department - £886,913

4. EQUALITY RISK ASSESSMENT

4.1 An Equality Risk Assessment has been undertaken and no adverse impacts on any Protected Characteristics have been identified.

5. RECOMMENDATIONS

5.1 That Members note the contents of the report.

APPENDIX 1
FEBRUARY 2019

REPORT OF HEAD OF HR TO ACO PEOPLE SERVICES

REPORT ON CHANGES TO THE HR DEPARTMENT 2019

1. BACKGROUND

1.1 The HR Department currently consists of several specialist teams which, excluding Occupational Health, are:-

- Employee Relations
- Recruitment
- Payroll, Pensions & Budgets
- Attendance Management
- Learning & Development

1.2 Each of these teams plays a key role in supporting the department in providing a professional HR service, but with the implementation of modern IT solutions it has become increasingly evident that in order to continue to provide the support and guidance required by the Service, some minor changes to the structure of the department are necessary.

1.3 The HR Management team have discussed at great length various ways of modernising the way the department operates, and is looking for approval to make the changes set out below. These small changes will enable HR processes to flow more efficiently, provide much needed resilience across all areas, and release time to support managers in a more proactive manner.

2. CHANGES REQUIRED

2.1 The **Employee Relations Team** currently consists of:-

- 1 FTE* HR Manager - Grade 16
- 2 FTE* Resolution Officers – Grade 11
- 1 FTE* Policy Officer – Grade 9
- 1.91 FTE HR Officers – Grade 7
- 0.68 FTE Admin Assistant

We would like to move to the following:-

- 1 FTE* HR Manager – Grade 16
- 1.81 FTE* Resolution Officers – Grade 11

- 1 FTE* Policy Officer – Grade 9
- 2.41 FTE HR Officers – Grade 7

2.2 The **Recruitment Team** currently consists of:-

- 1 FTE* HR Manager – Grade 16
- 1 FTE* Assistant Manager – Grade 10
- 2 FTE* HR Officers – Grade 7
- 1.68 FTE Admin Assistant

We would like to move to the following:-

- 1 FTE* HR Manager – Grade 16
- 1 FTE* Assistant Manager – Grade 10
- 2.81 FTE* HR Officers – Grade 7

The teams wish to create a shared Admin Assistant role:-

- 1 FTE* Shared Admin Assistant role – Grade 4

2.3 The **Payroll, Pensions & Budget Team** currently consists of:-

- 1 FTE* Accountant – Grade 15
- 1 FTE* CoreHR Development & Support Officer
- 1 FTE* Pensions Liaison Officer – Grade 9
- 1 FTE* HR Officer – Grade 7
- 1 FTE* Payroll Manager – Grade 11
- 1 FTE* Senior Payroll Officer – Grade 8
- 2 FTE* Payroll Officers – Grade 6
- 1 FTE* Admin Assistant – Grade 5

We would like to move to the following:-

- 1 FTE* Accountant - Grade 15
- 1 FTE* CoreHR Development & Support Officer
- 1 FTE* Pensions Liaison Officer – Grade 9
- 1 FTE* HR Officer – Grade 7
- 1 FTE* Payroll Manager – Grade 11
- 1 FTE* Senior Payroll Officer – Grade 8
- 2 FTE* Payroll Officers – Grade 6
- 1 FTE* Admin Assistant – Grade 4

2.4 The **Attendance Management Team** currently consists of:-

- 1 FTE* HR Manager – Grade 16
- 2.32* FTE HR Officers – Grade 7
- 1 FTE* Admin Assistant

We would like to move to the following:-

- 1 FTE* HR Manager – Grade 16
- 2.41* FTE HR Officers – Grade 7
- 1 FTE* Admin Assistant

2.5 The above minor changes will allow the HR Department to further combine its resources and streamline its processes going forward. Whilst decisions around which posts move into the hub and which sit outside are yet to be made, the HR Management team is already in agreement that the formation of a centralised ‘Hire to Retire’ hub will bring much needed efficiencies across the department, the ability to provide resilience across its systems, and the opportunity to proactively support managers and the Service in delivering a modern, professional HR service.

3. FINANCIAL IMPLICATIONS

3.1 The changes identified above are fully affordable from the department’s existing budget:-

- Total existing budget - £887,274
- Total proposed budget - £886,913

3.2 At this point in time the Learning & Development Team are not included in the above proposal to form a Hire to Retire Team, and will sit outside of this centralised hub.

4. CONCLUSIONS

4.1 I recommend that the above proposal is agreed as this will allow the department to move forward with its ability to modernise the way it delivers its services.

**REVIEW OF FIREFIGHTER PENSION SCHEMES DISCRETIONS –
 (FIREFIGHTER PENSION SCHEME 1992, NEW FIREFIGHTER PENSION
 SCHEME 2006/2007, 2015 FIRE PENSION SCHEME)**

SUMMARY

It is a requirements of the Firefighter Pension Schemes Regulations that participating Authorities must explain and publish how they will apply discretionary elements for Scheme members. Once approved these discretions need to be lodged with our Administrators for future reference and application.

This report, and the appendices attached, explains the areas and issues that need to be considered and approved. It also identifies the significant areas, and makes recommendations for Members to consider and to make determinations thereon for the Fire & Rescue Authority to consider.

RECOMMENDATIONS

1. Members approve the new Statements of Policy for all three Firefighter Pension Schemes, attached to the report at appendix 1, 2, and 3.
2. That Members authorise Officers to provide Rhondda Cynon Taff Pension Fund Administrators with a copy of the approved policy statements.

1. BACKGROUND

- 1.1 Under the Firefighter Schemes Regulations, as with previous Regulations, the Scheme employer (the Fire & Rescue Authority) is required to prepare, maintain, and keep under review a Statement of Policy concerning a number of discretions made available to them throughout the Regulations.
- 1.2 The provision of all three Firefighter Pension Schemes require participating Authorities to have a policy statement explaining how they will apply their discretions under those elements of the Scheme where payments to Scheme members are at the discretion of the employing Authority.
- 1.3 The appendices attached sets out the discretions per scheme that are available to the Scheme Manager to apply when appropriate, and applicable. These discretions differ between schemes and are scheme specific.

- 1.4 The policies requiring consideration and approval are provided in full in appendix 1, 2, and 3 attached to the report, and fully explains the individual discretions whether the Scheme Manager wishes to apply the discretion or not. Consideration has been given to the impact that these discretions are likely to have on both the Member and the Pension Fund longer term

2. ISSUES

- 2.1 These discretionary policies will need to be in force as soon as possible as Rhondda Cynon Taff Pension Administering Authorise advice that agreed policies must be in situ for one month before they can be relied upon to avoid falling foul of the Regulator. Currently they do not hold an approved discretions policy statement for the Service.

3. FINANCIAL IMPLICATIONS

- 3.1 None arising directly. Implications will only arise in the application of the policy in individual cases.

4. EQUALITY RISK ASSESSMENT

- 4.1 The proposals maintain the provision of a discretionary payments policy reflecting the requirements of the Firefighter Pension Schemes. The Equality Impact Assessment for the policy has been reviewed in light of the changes to the policy, and no adverse impact has been identified.

5. REPRESENTATIVE BODY CONSULTATION

- 5.1 Discretionary payments under the Firefighter Pension Schemes are a matter for determination by the employer, and the relevant Representative Bodies will be informed of the revised policy, if approved.
- 5.2 The revised policy, if approved, will be published internally.

6. RECOMMENDATIONS

- 6.1 Members approve the new Statement of Policy for all three Firefighter Pension Schemes, attached to the report at appendix 1, 2, and 3.
- 6.2 That Members authorise Officers to provide Rhondda Cynon Taff Pension Fund Administrators with a copy of the approved policy statements..
