## RE: Request for Information held by SWFRS

Your request ref: 200\_1920 has been dealt with under the Freedom of Information Act 2000.

*You asked us:*

I am writing to request your assistance relating to the various pay scales within the fire service for a research project - "Developing Subnational Purchasing Power Parities for the United Kingdom" – undertaken at Birmingham City University (and part funded with a grant from the ONS).

Specifically, I would like to find out the number of staff at each job title (e.g. firefighters, on call firefighters etc. as well as various support staff) and the average salary paid at each level. Also, if you could include both the figures with and without national insurance and any regional allowances you use that would be most helpful.

*Our response:*

Please find information attached in relation to your request, please note that information has been grouped together by role. The information gives the average salary, per role, including any allowances, of SWFRS current staff. SWFRS cannot however include any National costs, they are very specific and dependent on an employee's personal circumstances.

If you have any queries regarding your Freedom of Information request, please contact us at [Dataprotection@southwales-fire.gov.uk](mailto:Dataprotection@southwales-fire.gov.uk) quoting the reference number above in any future communication. If you are dissatisfied with the way that your information request has been handled, you can request an internal review by writing to:
