# Introduction

We are **South Wales Fire and Rescue Service**.

We have been thinking about ways to improve our service in 2021 to 2022.

We have thought of some **goals** for the next year.

In this document, we will talk about our **goals** for the year **2021 to 2022**.

We want to tell you about what we will do to make them happen.

We want to know what **you** think about our goals.

You can tell us what you think by answering our survey questions

**or**

you can answer our [online survey by clicking here.](#)

# Our work

## Keeping you safe

We want fewer fires and emergencies to happen in South Wales.

Some people are not sure how they can stop fires and emergencies from happening.

We think it will help if we talk to people about how they can stop them from happening.

## Our goals:

- Attend fewer calls that turn out to be **false alarms**.

**False alarm calls** are when we leave to attend to an emergency but when we arrive there is no emergency.

- Make sure there are fewer fires and emergencies in homes and businesses.

- Make sure there are fewer traffic accidents.

- Have better safety in and around water.

- Have better fire safety in buildings and in our communities.

# Responding to your emergency

We want to make sure we can help you quickly when you need us. To do this, we need to:

## Our goals:

- Make sure we have enough Firefighters to help you.

- Make sure our Firefighters know what to do to help you.

- Make sure Firefighters have the right equipment to help you.

## Using technology well

We want to make sure that we have the best equipment to help us to do our job well.

### Our goals:

- We want to have the best equipment to help in an emergency.

- We want to make sure our staff have the best equipment to support our Firefighters.

## Working with our partners

We want to keep working with other organisations to keep people safe. For example, Local Health Services, Schools and Colleges, Social Services etc.

Working with other organisations helps us to understand what is important in each local community.

### Our goals:

- Work with our **Public Services Boards** to support our communities.

**Public Services Boards** are services like local councils, the NHS, police, fire and rescue and charities that form a group to work together and make public services better in an area of South Wales.

- Work with other organisations to provide services when needed.

- Look at how we can work well with our partners.

# Better communications

**Communication** is the way we give people information. It includes speaking and writing.

Good **communication** with our staff, communities and other organisations is important.

It helps keep people safe.

## Our goals:

- Tell people about the work we do.

- Give people the chance to have their say.

- Keep our communities safe by talking to people at meetings and community events about fire safety.

## Valuing our people

We want to focus on having a workforce that is **diverse**.

**Diverse** means we are not all the same. For example people in Wales:

- come from different backgrounds and cultures
- have different abilities
- believe different things
- have different sexual identities
- make different choices about how they live their lives
- are different ages.

## Our goals:

- We want staff from **diverse** communities and backgrounds to work for us.

- We want to help the people who work for us to feel happy and well at work.

- We want to help the people who work for us to have any training they need for their job.

# Protecting our environment

We want to look after our **environment** by **recycling** and **reusing** things when we can.

The **environment** is where we live. It includes the land, the sea, the air, and everything that lives in and on it. For example: plants, animals and fish.

**Recycling** our rubbish. This means taking our rubbish and turning it into something else that we can use.

**Reusing** things again. For example glass milk bottles that can get refilled when you are finished.

## Our goals:

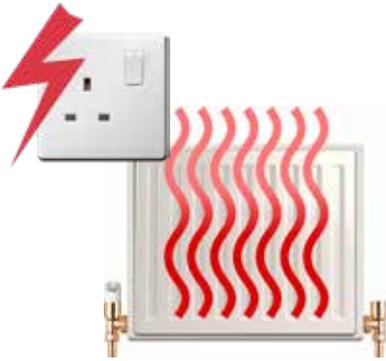

- **Reduce** the use of things that can be used only once.

- Use electric **vehicles** if we can.

**Vehicles** can be cars, vans and fire engines etc.

- Use less gas and electricity.

- Think about how our actions can affect the **environment**.

# Continuing to work effectively

**Effectively** means doing things in the right and best way.

We want to do our best to keep people safe.

We want to try and keep our cost low in providing our services.

## Our goals:

- Open and honest with people about what we are doing.

- Making sure we are doing the best job we can to keep people safe.

- Only spend what we need to.

# Volunteers

Anyone can **volunteer** with South Wales Fire and Rescue Service.

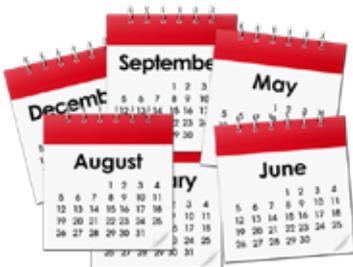

A **volunteer** is someone who helps out without getting paid. Some **volunteers** can get money for travel and food while they are helping.

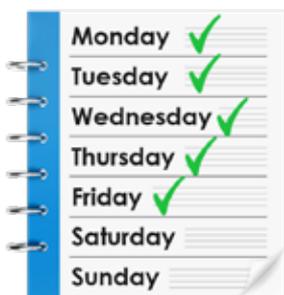

To **volunteer** with us, you need to:

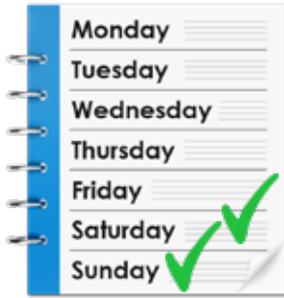

- be able to **volunteer** for at least 8 hours a month

- be able to **volunteer** with us for 6 months or more

- **volunteer** on weekdays

- **volunteer** at weekends sometimes

- **volunteer** in the evening sometimes.

If you want to find out more, check [our website by clicking here](#).

Or you can phone 01443 232000 to talk to us.

# Hard words

## Communication

Communication is the way we give people information. It includes speaking and writing.

## Diverse

Diverse means we are not all the same. For example people in Wales:

- come from different backgrounds and cultures
- have different abilities
- believe different things
- have different sexual identities
- make different choices about how they live their lives
- are different ages.

## Effectively

Effectively means doing things in the right and best way.

## Environment

The environment is where we live. It includes the land, the sea, the air, and everything that lives in and on it. For example: plants, animals and fish.

## False alarm calls

False alarm calls are when we leave to attend to an emergency but when we arrive there is no emergency.

## **Public Services Boards**

Public Services Boards are services for example: local councils, the NHS, police, fire and rescue and charities, that form a group to work together and make public services better in an area of South Wales.

## **Recycling**

This means taking our rubbish and turning it into something else that we can use.

## **Reusing**

Reusing things again. For example glass milk bottles that can get refilled when you are finished.

## **Vehicles**

Vehicles can be cars, vans and fire engines etc.

## **Volunteer**

A volunteer is someone who helps out without getting paid. Some volunteers can get money for travel and food while they are helping.
