Q6	Has a decision been made yet on whether the contract(s) are being either extended or renewed?	Extension already taken. New tender process currently in progress to renew the contract.
Q7	Who is the senior officer (outside of procurement) responsible for this contract?	<p>With regard to your request for direct contact details, SWFRS operates a single point of contact policy. All callers are requested to contact the Service via HQ Reception on 01443 232000. The call will be directed to the most appropriate department/individual to deal with your call.</p> <p>This is the same for email correspondence. Please direct all emails enquiries to swfs@southwales-fire.gov.uk so that your request can be directed as appropriate.</p> <p>This policy is in operation to ensure that calls/emails are dealt with more efficiently – as structures/posts can change, this prevents emails being sent to individuals whose role may have changed. It also prevents individuals from receiving unwarranted calls/correspondence.</p> <p>This stance is supported by guidance from the Information Commissioner's Office</p> <p>which states that:</p> <p>“The presumption is in favour of protecting privacy, so the release of personal information will only be fair if there is a genuine reason to disclose. This involves a three-stage test. A public authority will generally have to satisfy itself that:</p> <ul style="list-style-type: none"> • there is a legitimate interest in disclosure; • the legitimate interest can only be met, or fully met, by the disclosure of information which identifies individuals (i.e. the disclosure is necessary to that purpose); and, • the disclosure would not involve unwarranted detriment to the individual's privacy or other rights and legitimate interests. <p>In this instance you have not provided any indications a legitimate interest in disclosure of such information – or demonstrated that the release of such information is vital to that interest.</p>
