## RE: Request for Information held by SWFRS

Your request ref: IG000427 has been dealt with under the Freedom of Information Act 2000

You asked us:

I was wondering if you could you please provide me with an up to date fleet list for your force, please include any new '20' plate vehicles ('70' plate if u have any?) and new cars being commissioned if possible.

Would it be possible to also include all vehicles that have recently been decommissioned

Please could you include:

- Vehicle make/model
- Full registration
- Full rear roof code
- Vehicle role
- vehicle base

Our Response:

The make/model of the operational vehicles owned by SWFRS is attached with this document

You will notice that within the fleet vehicle list, the vehicle registration number and vehicle base has not been provided.

In relation to cars listed as "Operational" these are made available through the Emergency Response Vehicle Lease Scheme

With the cars listed as "Non-Operational", these again are made available through a lease scheme.

As those vehicles are available for private use, the provision of the registration details could allow that individual (and/or their families) to be identified outside of their role with SWFRS. This would result in a breach of data protection legislation. Exemptions under S40 have been applied.

(Section 38 (Health and Safety) has also been considered, as individuals identified could be targeting by those seeking to facilitate a crime.)

With respect to the normal locations of our operational equipment (with the exception of cars) this information is available already via our website. The cars are either pool cars (and so used by any approved member of staff), or allocated to specific officers/staff members, so will be based across the service area.

We do not use Full rear roof code.

#### **UPDATE COVID-19: Information Requests**

We are kindly asking that any data protection correspondence come to Information Governance & Compliance via email, as due to Government advice many of our support staff are working flexibly and we may not be in receipt of physical post as normal. SWFRS anticipates that it may take us longer than 20 working days to complete Freedom of Information Requests and Subject Access Requests. The Information Commissioner recognises that there might be delays as our services and resources may be being utilised in slightly different ways, under the current unprecedented circumstances. At current, we are no longer accepting physical postal cheques, however we can accept BACs payments for items that carry a fee (such as IRS Reports and Interviews, where appropriate following standard procedure and charges).

We would like to thank you for your patience at this time.

If you remain dissatisfied with the handling of your request, you have the right to appeal to the Information Commissioner at:

Information Commissioner's Office-Wales,  
2nd Floor,  
Churchill House,
